Making the difference in Japan

With over 30 years' experience supporting companies in Japan and a wide breadth of regional experience, we have acted both as strategic adviser on global programmes and support on capital projects in the commercial sector. As a key location in our Asia business region, we are able to assist on diverse real estate projects, infrastructure and natural resources programmes.

Our current work involves us on a complex global programme of brand alignment and global rollout managed by a team integrated with the client organisation in Japan.
