

STRECON A/S

会社説明

OUR MISSION IS TO MAKE THE BEST INDUSTRIAL SOLUTIONS FOR GLOBAL INDUSTRIES

STRECON is founded on strong niche technologies, and our mission is to offer unique tooling and equipment solutions for customers in global industries, to leverage their competitiveness and profitability. In short, STRECON is in the high-pressure and high-precision business.

We direct our resources to those industry segments, technical applications, and customers who can make the best use of our technologies and organizational competencies.
