
JMC Japan Management Consulting

JMC K.K.

Company Description

JMC K.K., Japan Management Consulting, is both a consulting company and an outsourcing and accounting services company in Japan with professional management consultants and accountants who total more than 30 years of experience with major consulting firms such as PricewaterhouseCoopers and Cap Gemini Ernst & Young, serving foreign companies in Japan and Fortune 500 clients.

▼ JMC Consulting Difference

Our results oriented approach to management consulting in Japan:

JMC difference is that we believe that management consulting in Japan should provide the same quality of services as in the US or Europe and deliver quick, measurable and sustainable results to our clients

▼ JMC Outsourcing Difference

Our customer oriented approach to outsourcing in Japan:

JMC believes that outsourcing services should be customized to satisfy customer needs in finance and accounting. JMC provides flexible services to customers and at the same time uses its resources to provide consulting advice.

▼ JMC values

JMC put in first place the interest of its customers and employees. We believe that happy employees make happy customers and the reverse is also true.
