

AVEVA

AVEVA K.K

Company Description

AVEVA is a global leader in engineering and industrial software driving digital transformation across the entire asset and operational life cycle of capital-intensive industries.

AVEVA creates industrial software that inspires people to shape the future. From water and energy to food and infrastructure, our solutions turn opportunities into business value. We work with our customers and harness the power of our ecosystem to deliver solutions across the asset and operations lifecycles. We use collaborative innovation to empower people and industries, enabling the planet to thrive.

There are 4,500 of our people in more than 40 countries who challenge themselves and each other to create and improve the transformative technology our customers need. With our help, industries across the world can make a positive difference to the lives of people everywhere.

We take pride in our core values and the diversity of our people, valuing the unique experience and expertise that people from different backgrounds bring to our business. At AVEVA, we're all about Limitless possibilities. Are you?
