

Scala K.K.

Company Description

Scala, a STRATACACHE company, partners with brands across many industries to help transform their customer experience with smart marketing technology and digital signage.

Scala provides the platform to easily create and centrally manage deployment of digital experiences, while retaining the flexibility to adapt to local business conditions and audience preferences in real time.

With 30 years' experience, Scala is well-known for its innovation and leveraging best-of-breed technologies to create solutions that are easy-to-use, flexible and infinitely customizable.

With its global headquarters in Malvern, Philadelphia, Scala has 28 offices across the globe. Its worldwide network of partners and developers spanning more than 100 countries drive over 3.1 million digital screens globally.
