

## QNAP K.K

---

### Company Description

QNAP (Quality Network Appliance Provider) is devoted to providing comprehensive solutions in software development, hardware design and in-house manufacturing. Focusing on storage, networking and smart video innovations, QNAP now introduce a revolutionary Cloud NAS solution that joins our cutting-edge subscription-based software and diversified service channel ecosystem. QNAP envisions NAS as being more than simple storage and has created a cloud-based networking infrastructure for users to host and develop artificial intelligence analysis, edge computing and data integration on their QNAP solutions.

### Global Expansion Strategy

- Headquartered in Taipei
- 15 subsidiaries in 28 countries
- 1300+ employees worldwide
- 600+ R&D engineers

### Innovate toward Digital Transformation

The three pillars of QNAP to help its clients accelerate digital transformation: Intelligent Storage, Smart Networking, and Smart Video. QNAP complies with the trend to invest in new IT infrastructure technologies and devotes to providing our client future-proof total solutions.
