

## MetroResidences Japan K.K.

---

### Company Description

#### **Redefining city-living.**

The leading technology-driven accommodation platform in Asia Pacific, MetroResidences offers apartment rental and management services through its platform to connect individuals and families to quality homes. We are passionate about delivering a fulfilling city-living experience, working with a strong network of property owners to offer a wide selection of safe and modern living spaces. Our accommodation types include serviced apartments, standard residential apartments, hotels and co-living spaces.

MetroResidences is funded by 500Startups and Rakuten.

#### **Our mission**

We make home rental more approachable, creating an authentic and memorable stay experience for every guest.

- **Simple, Legal, Paperless**  
Book an apartment with one mouse click legally, absolutely no hidden charges, and with zero agent fees\*  
\*Unless otherwise stated in the terms and conditions.
- **Rent Online**  
Know exactly what you want and familiar with the property and neighborhood?  
View and rent online with zero risk. With MetroResidences' 100% money-back-guarantee you receive a full refund if the apartment doesn't match the one you see online.
- **Schedule a Viewing**  
Want to view before committing? Write us to schedule a no obligation meet up to see the inside of the apartment and the surroundings.
