

Wargaming Japan Ltd.

Company Description

Wargaming is an award-winning game developer and publisher and one of the leaders in the free-to-play MMO market. Founded as a privately held company in 1998, Wargaming has shipped more than 15 titles and employs over 900 people across such key regions as North America, Europe, Russia, and Asia.

Key features of the globally integrated Wargaming.net Service, will include:

- One Destination: The portal will give gamers one-stop access to all three titles and showcase a world at war – whether they are playing with Tanks, Warplanes or Warships.
- Common Economics: The introduction of common economics for the three titles allows players to transfer Gold and Free Experience between them.
- Single MMO Battle Realm: Tank, Warplane, and Battleship clans will be assisting each other in their ground, air and sea attacks for world domination.

“Wargaming always strives for excellence in generating intense and action-filled global online battles for gamers,” said Wargaming CEO Victor Kislyi. “With the introduction of Wargaming.net Service, we will deliver an advanced gaming experience that gives gamers a world stage for their preferred war scenario.”
