

Digital Media Professionals Inc.

Company Description

The talented engineers and staff from over ten countries throughout the world are working hard to achieve the common goal of making DMP the world's leading AI Computing Company.

Under the slogan "Visualize the Future", DMP has deployed licensing business of our own proprietary GPU IP core for embedded devices and related software, and proprietary SoC business. The total number of products shipped by customers, such as game consoles, cameras, printers, etc., equipped with our GPU IP core has exceeded 100 million units.

Today, DMP is also focusing on the rapidly expanding AI (Artificial Intelligence) market especially in the area of edge AI, which requires real-time processing of large amounts of data, such as autonomous driving and factory automation. Since the establishment in 2002, DMP, as one of the world's leading GPU companies, has cultivated know-hows in size reduction, low power consumption, and high performance in the field of embedded GPUs. By making full use of those know-hows, DMP provides the industry's most competitive inference processor IPs for edge AI, module products equipped with those IP, and software products that integrate DMP's AI and image processing technology, through our unique AI platform "ZIA".

In addition, DMP will meet a wide range of customer's needs by providing the DMP AI portfolio centered on ZIA as optimal solutions through the AI ecosystem in collaboration with many partner companies.

In order to overcome many issues facing the society today, such as labor shortages due to population decline, aging, and the accompanying increase in medical expenses, autonomous driving utilizing AI for all mobility products and labor-saving/automation system utilizing robotics technology will be increasingly important in the future. DMP will focus on those areas, and will continue to provide advanced AI solutions, centered on products and services based on our strengths of consistent development system of AI algorithm, software and hardware.

DMP places the most importance on the characters of applicants!

DMP welcomes those who are eager to take on new challenges and always willing to take in new things and change oneself. If you are interested in CG, semiconductor and/or AI, DMP is also eager to hear about what you want to do. Please feel free to apply first.

Company Details

Head Office

Japan

Main Business

GPUおよびAI関連のIPコアライセンス/ 半導体・モジュールの開発、販売/ GPUおよびAI関連のプロフェッショナルサービスの提供

President

山本 達夫

Established

2002年7月10日

Capital

18億459万2500円 (2020年03月31日時点)

Number of Employees

11 - 50

URL

<https://www.dmpof.com/ja/>

Offices

Main Office

Nakano Central Park South 16F
4-10-2 Nakano, Nakano-ku
