

Applied Medical Japan株式会社

Company Description

Through a collaborative and team-based work environment, Applied Medical develops innovative products that improve patient outcomes and enable the advancement of minimally invasive surgery.

As a new generation medical device company, we are equally committed to improving the affordability and accessibility of high-quality healthcare. We are proud to have a significant and sustainable impact on healthcare by delivering technologies that enhance clinical care and satisfy the pressing economic needs of our customers.

As a result of our dedication to understanding and satisfying our customers' clinical and fiscal needs, we are a leading provider of breakthrough technologies for Minimally Invasive and General Surgery, as well as Cardiac, Vascular, Urologic, Colorectal, Bariatric, Obstetric, and Gynecologic specialties.

Founded in 1987 and headquartered in Southern California, Applied Medical is a rapidly growing, global organization with approximately 5,000 team members. We are proud to provide our products and unique business model to more than 75 countries.
