

Yokohama International School

Company Description

Yokohama International School (YIS) serves the educational needs of the international community in Yokohama and the nearby Tokyo metropolitan area, in particular the children of foreign nationals here on temporary assignment. We welcome children of all nationalities whose families are committed to an international educational curriculum in English, including children of Japanese nationals who have been educated exclusively or primarily in non-Japanese schools overseas or at other accredited international schools in Japan. Our educational programs and approach to learning reflect the best practices in international education today.
