

DMC aizu Co., Ltd.,

Company Description

Further Activate Aizu, together with Aizu.

As the old folk song goes, Aizu-Bandai, Inawashiro are mountains of treasures.

We aim to make Aizu the best tourist destination in Japan, or even in the world by working together with the local community, making most of nature, food, arts, entertainments, customs, tradition and lifestyles, and many more other features that might attract tourists.

We will act as a "tourism destination management" helm to maximize the potential of the Aizu region.

While protecting the precious nature, we will focus on technologies such as IT promotions and renewable energies to seek the harmony between nature and technology.

We will contribute to the Aizu region by working together with the local community to create a model for future tourist destinations.
