

M̄ODERE.

MODERE Japan GK

Company Description

MODERE® LIVE CLEAN

Clean label is fast becoming one of the most sought-after qualities of health, beauty and household products. For some people that means fewer ingredients or no preservatives, but at Modere, clean label is just one component of our live clean philosophy.

Modere is an omnichannel, consumer products company that develops and markets clean, health & wellness products through ecommerce and direct-to-consumer channels. The company's branded, award-winning portfolio of clean lifestyle products includes beauty and personal care, nutrition and household essentials that are formulated without the use of thousands of controversial chemicals and compounds. This holistic live clean philosophy drives every aspect of the brand, going beyond its ingredient paradigm to encompass business operations, company culture, community activism and environmental advocacy.

Serving a community of over 1 million loyal customers around the world, Modere maintains a presence in the U.S., Canada, Australia, New Zealand, Europe, Japan and India. Modere products are proudly manufactured in the USA† in its NSF GMP certified facility.
