

## Global Brain Corporation

---

### Company Description

#### **Fostering world-class venture companies**

By leveraging our global reach and a broad network of Japan's major corporations, we provide hands-on support to our portfolio companies, grow with them, and strive to bring innovations to the industry and the society.

Global Brain is committed to providing startups with the support they need to scale the business and go global.

We look forward to working with you to grow your business, and together bringing a positive impact to the economy.
