

Valmet K.K.

Company Description

Valmet is a leading global developer and supplier of process technologies, automation and services for the pulp, paper and energy industries. With our automation systems and flow control solutions we serve an even wider base of process industries.

We aim to become the global champion in serving our customers. Our 17,000 professionals work close to our customers and are committed to improving our customers' performance – every day.

The company has over 220 years of industrial history and a strong track record in continuous improvement and renewal. In 2022, a major milestone was achieved when the flow control company Neles was merged into Valmet. The combined company's net sales in 2021 was approximately EUR 4.5 billion based on the respective company figures.

Valmet's shares are listed on the Nasdaq Helsinki and the head office is in Espoo, Finland.
