

Pie Systems Japan K.K.

Company Description

Today's Tax Free Shopping is analogue, opaque and with high fees. We are here to change that.

Pie Systems offers a fully digitized end-to-end product where merchants can facilitate and consumers can claim, VAT refunds hassle-free at the touch of a button on their mobile devices.

It is free and provides consumers with the market's lowest fees and merchants with the highest revenue share.

No more paper forms, no more waiting in line, no more outrageous fees.

Pie for all.
