

Milwaukee Tool Japan G.K

Company Description

Over the past several years, Milwaukee Tool has invested heavily in technology and innovation across our power tool, power tool accessories, and hand tool businesses. Our world-class team has delivered some of the most disruptive new technologies and solutions the industry has ever seen resulting in unprecedented growth in our global business. We enable a fast-paced design environment where our employees experience the challenge and satisfaction of seeing a product evolve from concept to the shelves of our retail and distribution partners and into the hands of our professional users on the jobsite. At Milwaukee Tool, we recognize your career path is as individual as you are. Whether you are considering joining us early in your career or you have been in the workforce for years, our priority is to help you meet your professional goals. Being part of a fast paced and innovative culture, professional development....WE CREATE EMPOWERED LEADERS
