

Yuu Hotels & Resorts

Company Description

SPEND A SPECIAL VACATION IN JAPAN'S SNOW COUNTRY

Hotel Alp Myoko is located between two ski runs in Myoko Kogen, Akakura.

Your ski stay begins with a start from the hotel entrance, which happens to be a ski run. The hotel is located just above the central lift platform of both Akakura Onsen Ski Resort and Akakura Kanko Ski Resort. Both resorts are perfect ski in / ski out.

After a day skiing, relax and heal your body in the indoor and outdoor natural hot spring baths, and for dinner, we offer a Japanese fusion contemporary dining experience created by our talented emerging chefs.

We are a 5-minute walk to the main street of Akakura Onsen, where you can find shops, restaurants. Enjoy the local nightlife.

The exterior of the building incorporates the style of Zermatt, a sister city of Myoko City. There are 9 Japanese-style rooms, 9 newly renovated Western-style rooms, and 1 Japanese-Western penthouse room. The hotel undertook significant renovations in 2020 to update the western rooms, onsen, restaurant and communal spaces. With new management working alongside the traditional owners, Alp provides the perfect balance between both a traditional and contemporary experience.
