

## AirMobility Inc.

---

### Company Description

Bringing together professionals from various industries  
To build an airmobility platform to make eVTOL society a reality!

Our platform seamlessly coordinates sales of eVTOL products with our partner companies. We can support global companies wishing to enter the Japanese market. We also aim to build a platform for third parties to provide services related to eVTOL, and to contribute to safe and easy navigation. We will continue developing various services to support eVTOL operations.
