

Recursive Inc

Company Description

AI x Sustainability
Discover the meaning of true innovation.

Our AI expertise runs deep, and our understanding of the challenges society faces is without peer. Let Recursive guide you in dealing with the complexities of an ever-changing world. Quickly, efficiently and sustainably. Our innovative solutions make AI work for you.

Mission

Build a fairer,
more sustainable society

By utilizing technology,
realize a fairer and more sustainable society

Innovative approaches that utilize AI technology lead to fundamental and sustainable solutions to social issues. We continue to work with companies to create these solutions while prioritizing ethics.
