

Cross Reach Inc.

Company Description

Becoming a game changer of “JAPAN” export and making people’s lives across the world flourish

Trading

We export and distribute our in-house branded products, including matcha and various confectioneries, as well as Japanese-made branded goods, to food wholesalers worldwide.

Consulting

Based on information obtained from multiple local partners, including government agencies, we specialize in providing consulting services tailored to support market expansion in the Middle East, specifically in the UAE, Dubai.

Digital

We are actively engaged in developing services aimed at making it easier to export and source Japanese products, with the goal of making Japanese products the most export-friendly and accessible worldwide.
