

ENECHANGE

ENECHANGE Ltd.

Company Description

CHANGING ENERGY FOR A BETTER WORLD

The world wants to bring about carbon-free societies.
To achieve this, we must have technology innovations through the Energy 4 Ds* Revolution.

ENECHANGE—a company whose name comes from ENERGY and CHANGE—is a company created through the hope of many people coming together with the desire to devote their lives to energy issues.

ENECHANGE got its start from research into electrical power data analysis at Cambridge University in the UK.
Born in Britain, raised in Japan, and now to the world.
We will contribute to society through the creation of innovative services that build the future of energy in all areas of the 4 Ds of energy.
