

IT-Impulse

Company Description

The international operating company IT-Impulse with office in Mainz (Germany), is the point of contact when it comes to IT outsourcing and nearshoring. The IT expert runs five own development centers in Košice (Slovakia), Seville (Spain), Sofia (Bulgaria), Greenville (USA) and Queretaro (Mexico) with over 120 highly skilled IT professionals in software development, systems integration, database programming and app development. With IT-Impulse, companies find well-trained and competent IT specialists for their development projects - and thus tailor-made resources for their respective IT project. Competent consulting, full IT service and efficient IT sourcing characterize the work of IT-Impulse.
