

## SUMIDA CORPORATION

---

### Company Description

Sumida Group is a global manufacturer of high quality inductive components and modules. Our products are used in a number of applications within the Consumer Electronics, Automotive and Industrial markets.

With our solid business foundations in Asia, Europe and the US we pride ourselves on our ability to cultivate strong relationships with our customers. This is our key strength allowing us to offer customised solutions to fit their needs on top of supplying standard components for the broader spectrum market.
