

tigerise Inc.

Company Description

Tigerise Ltd. Tigerise Ltd. was established on January 6, 2020 as a joint venture with Hangzhou Taisho Pharmaceutical Technology Co., Ltd. (Hangzhou Tigermed Consulting Co., LTD.; Tigermed), one of the largest Chinese CROs. Support will be provided to overseas pharmaceutical and medical device companies planning global studies in Japan. Our strengths are services that make the most of Tigermed's specialties and organizations, which have great experiences of clinical development in the Asian region. Tigerise will provide flexible and innovative proposals and support through collaboration with Japanese experience in clinical development with highly skilled personnel at Accerise Inc.

Tigerise will be Your Footprint to Japan with Powerful Measurement and Specialist!
