

Alfa Laval K.K, Japan

Company Description

Alfa Laval in brief – who we are and what we do

Alfa Laval is a leading global provider of first-rate products in the areas of heat transfer, separation and fluid handling. With these as its base, Alfa Laval aims to help enhance the productivity and competitiveness of its customers in various industries throughout the world. We define their challenges and deliver sustainable products and solutions that meet their requirements – mainly in energy, the environment, food and the marine industry.

Our purpose

We define our purpose as accelerating success for our customers, people and planet. As we are dedicated to outstanding customer service, an inspiring and embracing workplace, and with sustainability in our genetic code.

Putting our customers first

Our innovative solutions support industries to purify, refine and recycle material. Our commitment is to optimize our customers' processes, creating responsible growth and driving progress. We are responsive to our customers' needs – always going that extra mile to support them in achieving their business goals and sustainability targets.

Empowering our people

Our corporate culture is open, supportive and informal. This creates an environment for our employees to develop their talents and excel as professionals. By giving them responsibility and trust, we make our people grow. We are determined to attract, develop and retain the most innovative and curious people in our business.

Making our world better, every day

Our technologies promote a responsible use of natural resources. We constantly drive progress to help reducing the environmental impact of most industrial processes through improved energy efficiency and heat recovery, better water treatment and reduced emissions. On land and at sea. It is all about Advancing better™.
