Job Description

Job description

Your role The successful candidate is expected to be able to supervise/handle the full cycle of accounting including

Reporting and Financial Statements: closing books (monthly/quarterly/annually), preparing financial reports, e.g. P&L, Balance sheet, cash flow, and variance analysis

Accounts Payable (money out): maintenance of AP ledger and making payments.

Accounts Receivable and Revenue Tracking (money in): revenue recognition, maintenance of sales/AR ledger, billing and processing incoming payments

Tax: proper tax filing and payments.

Financial Controls: continuous efforts to improve/maintain internal controls to avoid errors, fraud and theft

As said above, Accounting Manager will be responsible for all areas of accounting and financial operations. We are looking for someone to develop and maintain accounting principles, best practices, and systems for collecting, analyzing and reporting information. Must have a strong understanding of Generally Accepted Accounting Principles (GAAP). Accounting manager will also be responsible for helping audit, budgets/forecasts, management reporting, cost savings, and supporting managers across teams, departments, and affiliate companies with financial procedures.

Reporting to: CEO

Required Skills

Qualifications

10+ years as a hands-on all-around accountant in accordance with J GAAP/US GAAP/IFRS

Native or bilingual level Japanese and business or intermediate level English language skill

Highly motivated self-starter with good communication skills.

Bachelor or above degrees in Finance related majors.

Desirable that the candidate has a background working in IT firm, but open to high potential candidates from other industries.

Advanced computer skills (MS excel, word, etc.)

Experience to deal with startup companies (plus)

Experience in IT sector (plus)

A Japanese CPA or US CPA qualification (plus)
