Job Description

Overview:

Our client is an early stage FinTech startup looking to hire a Software Engineer. The initial focus will be on designing and implementing features on the cloud platform for clients.

Responsibilities:

- Translate complex client requirements into practical, cloud-scalable technical solutions.
- Implement back-end infrastructure components.
- Design new web-services and ETL workflows.
- Create unit tests and integration tests to ensure quality.
- Typical time allocation: design 20%, implementation 80%.

Technologies used in the company

NodeJS, React, PHP (Laravel), Mysql, GraphQL, Restful API, AWS, Docker, CircleCI, Git, xUnit

(You don't need to have all of them. Most frequently used will be JavaScript)

Required Skills

Qualifications:

- Good knowledge of JavaScript (NodeJS or ReactJS is preferable) or desire to learn coupled with strong experience in one of C++ , Python, PHP, or Rust, etc
 - Fluent in English
 - A love of learning and proven experience in becoming a domain expert; in our case, you will become an expert in investment data analysis and investment reporting visualization
 - Pragmatic experience with Agile development methodologies (Scrum, eXtreme Programming, etc) and iterative process improvements
 - Self-motivated, client-oriented thinking, ability to learn new technologies quickly
 - Strong design, presentation, and collaboration skills; must be a strong team player
 - No financial experience needed but preferable
-

Company Description

At Spotted Recruit, we believe in entrepreneurs and share their passion for turning great ideas into reality.

Since 2016, our consultants have been helping tech startups and venture capital firms to build their business by finding highly qualified, highly motivated professionals for top Management and Executive positions, as well as strategic Sales, Engineering, Design, and Back Office roles. During that time, we have expanded the scope of our firm to provide industry-leading contingency and retained search services to the entire Tech Startup Ecosystem — from the most innovative homegrown Japanese Tech Startups and pioneering Global Tech companies entering Japan, to visionary Venture Capital and Private Equity firms.

Japan is increasingly evolving into a supportive environment for global entrepreneurship. If you are looking for a new challenge, greater responsibility, and the chance to contribute more to the success of a business, we can help connect you to the most compelling opportunities in the startup ecosystem.

Spotted Recruit is dedicated to helping candidates with expertise in the tech and finance fields discover a more exciting career path. As we work to place you with a company that matches your experience and goals, we act as your consultant, coach, and negotiator. It is our aim to see each of the candidates we place find satisfaction, have a significant role to play, and be successful in their new position.
