Job Description

We are currently seeking a Team Leader to work at our client's office in Tokyo. The client is a global Medical Equipment

Manufacturer which works to make healthcare ever better.

The position will involve working in a friendly, work-life balance, diversity environment.

Responsibilities:

- Oversee the day-to-day operations of the Technical Support Team
- Act as a senior agent who will drive customer satisfaction through customer support
- Provide direct supervision of the technical support engineers
- Act as a mentor and provide oversight, coaching, and training to team members
- Be the point of contact when it comes to technical escalations
- Record and track team SLAs and workflows
- Clearly communicate issues to SDM as needed, be able to be a communication bridge between the clients and sG management team
- Manage and report on all incoming technical support inquiries
- On-board all new team members
- Assist in the creation of the team KPIs as well as monitor and report on results
- Ensure that all customer inquiries and issues are solved correctly and in a prompt and professional manner
- Work to create any relevant support material for the team
- Implement any necessary preventive measures to reduce customer faults and issues
- Review all technical support related processes and documentation for continuous improvement
- Assist in the creation and implementation of customer self-service material and tools

Required Skills

Knowledge, Skills & Abilities Required:

- Excellent communicator, both oral and written
- Strong problem solving and communication skills between sG and clients
- Love being the first line of support and troubleshooting issues
- Strong analytical skills to investigate and resolve customer support tickets
- Able to multi-task efficiently under time pressure
- Previous experience in managing customer focused teams
- Proven experience in managing a service and support focused team culture
- 5+ Years experience in a Technical Support role
