## Job Description

We are urgently looking for iOS engineers to join our company, which develops apps for foreign investors and real estate

We are urgently looking for iOS engineers to join our company, which develops apps for foreign investors and real estate companies.

The engineering team in particular has the highest percentage of foreign employees at 80%, so you will be working in a global environment (English rather than Japanese is essential).
We are looking for people who can work together with us to boost DX in the real estate industry, which is said to be behind in digitalisation compared to other industries.

[Background]
We are looking for experienced iOS engineers who can contribute to feature development and maintenance of iOS applications, which consist of a variety of features that are crucial for providing a user-friendly asset management experience to our customers. As a member of an international team of highly motivated individuals, you will be working closely with product managers, UI/UX designers, backend, frontend, and mobile application engineers to deliver growth to our products.

[What You will do]
- Collaborate with product managers, UI/UX designers, backend, frontend, and mobile application engineers to develop new features.
- Brainstorm together with mobile application engineers to discover challenges to solve.
- Maintain and improve existing products.

## Required Skills

[Required Requirements - Technical Skills]
- 3+ years of experience developing production-grade iOS applications with Swift and UIKit.
- Experience building applications using widely-used patterns such as MVVM.
- Familiar with RxSwift or Combine.
- Strong desire to fine-tune performance, UI design, and animations to improve user experience.
- Motivation to stay up-to-date with new technology trends (e.g. SwiftUI) and find ways to solve issues and requirements.

[Required Requirements - Soft Skills]
- Business level English proficiency (80% of engineers are non-Japanese. We are a very international team)
- Organizational skills.
- Motivation for team development.
- Ability to weigh several and often conflicting constraints and make decisions in a fast-moving and quickly-growing company.

[Preferable Requirements]
- Japanese proficiency equivalent to JLPT N2(Not essential.)
- Experience building and maintaining CI/CD pipelines.
- Experience publishing iOS applications to the App Store.

[Bonus]
- Experience in the financial / prop-tech industry.
- Experience in cross-platform mobile application development.
- Experience coding in JavaScript or TypeScript.
- Interest in GraphQL and API development using the BFF pattern.

## Company Description

**Remembering our Gratitude**

**For foreigners who chose to come to Japan**

We express our gratitude towards international stdents who chose Japan as their destination of studying abroad by founding this company, with the primary purpose of providing international students and foreigners in Japan with the assistance they need to seize their happiness. In doing so, we hope to contribute to the Japanese society as well as the international community. Due to corporate globalization in recent years, some Japanese companies have adopted English as their official language. However, recruiting in Japan is still possesses unique customes thus presents a challenge to foreigners who are not familiar with it. At j Career, we are dedicated to help foreigners in overcoming such difficulties and support their endeavor in attaining a happy life in Japan.

We set up a job searching website called gooojob.jp with the intention to help international students utilize their knowledge and expertise they learned and apply that in their job hunting. We also help people who are working with making a career switch.

**感謝の気持ちを忘れない**

**日本を選んでくれた外国人の方たちへ**

j Careerは、留学先として日本を選択した外国人留学生、日本での安住を目指す外国人への感謝の心、深い敬愛の念を起業の動機とし、外国人留学生や在留外国人の皆さんが日本において幸せをつかむための様々なサポートを通し、日本社会のみならず、国際社会への貢献の一助となることを目指しています。近年、グローバル化に対応し社内公用語を英語にする日本企業が増えていますが、就職活動においては依然として日本独特の慣習が根強く残り、外国人留学生や在留外国人にとって日本企業への就職はとても難しい状況といえます。 j Career はこのような状況を打破するべく、愛と感謝と情熱を持って全力で外国人の皆さんをサポートし、日本において幸福な生涯を送れるようバックアップしていきたいと考えております。

j Careerでは、外国人向け求人サイト「gooojob.jp」を開設し、外国人留学生が日本で学んだ知識・技術を生かせるように国内での就職活動を支援したり、既に日本で社会人として仕事をしている外国人のさらなるキャリアアップを目指した転職を支援しています。
