Job Description

[JOB RESPONSIBILITIES]

We are seeking a skilled and dedicated IT Helpdesk Support Specialist to join our team and provide technical assistance and support to our employees. The ideal candidate should have a strong background in Windows OS (Client and Server versions), Google Workspace, MS Office, and other finance-related and office applications. Additionally, experience in handling IT assets and inventory management is essential.

- **Windows OS Support:** Provide expert support for Windows OS (Client and Server versions) to troubleshoot and resolve technical issues for end-users.
- **Application Support:** Assist users with technical queries and problems related to Google Workspace, MS Office, and other financial and office-related applications.

- **PC and Monitor Setup:** Set up and configure new PCs and monitors for employees, ensuring they have the necessary tools to perform their duties effectively.
- **Asset Management:** Maintain the company's asset management system, ensuring accurate records of IT assets, their status, and location are up-to-date.
- **Windows Inventory Management:** Oversee the inventory management process for Windows-related equipment, including laptops, desktops, and peripherals.
- **Research and Purchasing:** Conduct research on mobile devices and other IT-related equipment, making informed recommendations for purchases to meet the company's needs.
- **Windows OS Installation:** Perform Windows OS installations and upgrades on various devices, ensuring a smooth and efficient process.
- **Software Installation:** Utilize SCCM (System Center Configuration Manager) to deploy and install software applications on end-user devices.
- **Weekend Work and On-call:** Be willing to work on weekends and be available for occasional midnight calls to handle urgent technical issues.

[REQUIREMENTS]

- **Technical Expertise:** Proven experience in providing IT helpdesk support for Windows OS, Google Workspace, MS Office, and other office-related applications.
- **Asset Management Skills:** Familiarity with IT asset management processes and software, ensuring accurate tracking of hardware and software inventory.
- **Problem-solving Abilities:** Strong troubleshooting skills to diagnose and resolve technical issues efficiently.
- **Organizational Skills:** Ability to manage multiple tasks, prioritize work, and meet deadlines effectively.
- **Communication Skills:** Excellent verbal and written communication skills, with the ability to explain technical concepts to non-technical users.
- **Team Player:** Capable of working collaboratively with a diverse team and providing support in a fast-paced environment.
- **Flexibility:** Willingness to work outside regular business hours to accommodate weekend work and on-call responsibilities.

Our Services

- **Contingency**

Many clients choose to utilize our success based contingent recruitment service. We take the time to fully understand the job brief before presenting a tailored shortlist of 5 to 6 candidates from our expansive existing network. This service comes with no obligation to hire and our clients only pay a fee when the successful candidate joins.

- **Retained**

Our retained service is particularly successful for clients with high profile/critical hiring needs, or niche searches that involve a significant amount of time unearthing candidates from outside our existing network. Clients who choose our retained service benefit from the introduction of exclusive headhunted candidates and top prioritization from the Cornerstone team.

- **Market Entry**

With a wealth of experience in the Japan market, our consultants have successfully helped many clients enter the Japan market. We can help you secure that critical first hire, as well as providing a consultation service, to make sure that your business is well prepared for all the initial hurdles it will face.
