Job Description

[JOB RESPONSIBILITIES]

As a UI/UX Designer you will be responsible for implementing design solutions ensuring product effectiveness and a smooth user experience. You will collaborate closely with our product management team and engineers, focusing on our game platform UI and in-house business tools.

- Preliminary visual user research and design trend analysis
- Proposing suggestions and solutions in product discussion
- Create user interaction interfaces and track product results
- Develop relevant design specifications to ensure the product's effectiveness

[REQUIREMENTS]

Mandatory:

- Highly proficient in Figma
- 5+ years experience in internet product (web/app) design
- Strong UI/UX design focus (SaaS OR consumer-facing product)
- Experience with Prototyping and Wireframing
- Self-driven to solve problems
- Good communication, teamwork, inter-team collaboration
- Fluent Chinese and/or English

Desirable:

- Knowledgeable about HTML and front-end frameworks (CSS Tailwind, React)
- Familiar with the overall implementation process of an internet / software product (from requirements analysis to product release)
- Good knowledge on how to leverage color, typography, spacing, scale, motion and other design elements
- Experience in UX Research (qualitative / quantitative)
- Ability to learn and understand the latest trends in the industry
- Fluency in Japanese

Company Description

Cornerstone Recruitment Japan is focused on placing bilingual professionals in a wide range of market leading companies.

Focusing across all sectors, we leverages the network of our experienced consultants to provide both clients and candidates with high end service levels and most importantly results.

We are passionate about helping our clients in securing the best talent on the market, by introducing unique profiles who can give them the edge in an increasingly competitive recruitment market.

Established in 2019, in partnership with Cornerstone Global Partners and with investment from Morgan Stanley, Cornerstone Recruitment Japan strives to be the recruitment partner of choice for all Tokyo based clients and candidates.

Our Mission

The Cornerstone. As every building requires a cornerstone, we believe people are the cornerstone of every great company. Our recruitment experts are passionate about bringing together great people with great companies.

Our Business Sectors

- Accounting & Finance
- Financial Services
- Human Resources and Office Professionals
- Industrial
- Information Technology
- Legal & compliance
- Life Science
- Supply Chain & Procurement
- Marketing
- Sales

Our Services

- **Contingency**

Many clients choose to utilize our success based contingent recruitment service. We take the time to fully understand the job brief before presenting a tailored shortlist of 5 to 6 candidates from our expansive existing network. This service comes with no obligation to hire and our clients only pay a fee when the successful candidate joins.

- **Retained**

Our retained service is particularly successful for clients with high profile/critical hiring needs, or niche searches that involve a significant amount of time unearthing candidates from outside our existing network. Clients who choose our retained service benefit from the introduction of exclusive headhunted candidates and top prioritization from the Cornerstone team.

- **Market Entry**

With a wealth of experience in the Japan market, our consultants have successfully helped many clients enter the Japan market. We can help you secure that critical first hire, as well as providing a consultation service, to make sure that your business is well prepared for all the initial hurdles it will face.
