### Job Description

**[JOB RESPONSIBILITIES]**

- Establish and execute a process framework, incorporating specific roles and responsibilities, to monitor and manage the supply of designated articles.
- Collaborate closely with the Marketing department to validate and follow up on forecast activities, ensuring alignment with plans.
- Assist Marketing in identifying and capitalizing on opportunities to enhance range efficiencies.
- Collaborate with product creation teams and engage with Global Planning, Sourcing, and Supply Chain Management to achieve global Availability targets.
- Lead the definition of Consolidated Buys, coordinating efforts to optimize purchasing strategies
- Develop and execute regular reports and Key Performance Indicator (KPI) reviews to enhance transparency and maintain oversight of business and process status within the Business Unit's scope.
- Educate the Marketing team on Operations processes and policies, fostering mutual understanding.
- Influence the Planning and Sourcing teams to consider Business Unit-specific requirements, such as production minimum policies.

- Lead Operational Business Review Meetings with Sports Owners, ensuring effective communication and strategic alignment.
- Continuously assess existing processes for potential enhancements and efficiency gains, taking into account foreseeable mid- and long-term business needs.

**[REQUIREMENTS]**

- Fluent in English
- SAP knowledge very beneficial
- Bachelor's degree preferably in Business related
- At least 3 years of working experience and project management experience
