Job Description

About the company

We are currently hiring for a **UI/UX designer** to work with one of the innovative companies on its way to expand the horizons of **Augmented Reality**.

The company is fast growing and dedicated to delivering exceptional user experience to its customers and clients.

By becoming a part of their journey, this could be an exciting opportunity to **broaden your horizons** whilst **expanding the potential of AR** as well. You will be an integral part of the product development process, contributing your expertise to create intuitive, visually stunning, and highly functional user interfaces.

Who we are looking for

■ A team player who can communicate with team members and understand customers' needs.

- Has a strong passion for technology, innovation, and a dedication to staying at the forefront of design trends.
- Self-disciplined to come prepared to the company.

Required Skills

Requirements

- Proficiency in design tools such as Adobe Creative Suite, Sketch, Figma, or similar.
- Proven experience as a UI/UX Designer, showcasing a strong portfolio of innovative and user-centred design work.
- Strong communication and collaboration skills to work effectively with cross-functional teams.
- Good time-management skills.
- Business level Japanese.

Desired

- At least 2 years of UI/UX experience and above.
- Experience in Unity (C#) 3D applications designing.
- Front-End Development experience would be a plus.

If you are a **forward-thinking UI/UX Designer** who is passionate about **creating remarkable digital experiences** and you're eager to work with a team at the forefront of technology, we would love to hear from you.

Join to work with skilled engineers, creators, and problem-solvers who are passionate about **pushing the boundaries of what's possible in the digital world!**

[Get in touch and apply now!](#)

Please send your **resume** and **portfolio** to tsatsral.batbold@nextmove.co.jp.
