Job Description

Company Information:

A renowned software company in Germany is looking for an experienced and confident C++ Developer either for on-site or remote work. In case of relocation to Germany, relocation and Visa support will be provided. German language courses can be arranged, if desired.

Job Description:

- Work independently on a variety of activities when implementing a new feature (e.g. customer solutions, development of the software, bug fixing, finding new features, etc.)

Required Skills

- Be able to work independently and self-structured
- Be able to identify problems from the customer's side and discuss with colleagues
- Be able to do architecture, design, implementation and customer feedback as well as bug fixing
- C++ knowledge, don't require latest standards
- Have vivid interest in algorithms
- English (fluent) OR German (fluent)
- Pass a 9 hour test (actual work only 2-4 hours), no-deadline approach
- Pass telephone interview (with problems to solve)

Company Description
