### Job Description

#### Company Profile

An US technology company that specializes in providing integrated business planning and decision-making platforms for enterprises. The company has developed a reputation for its advanced, AI-driven solutions that help organizations improve their operational efficiency, forecast demand, optimize supply chains, and enhance overall decision-making processes.

#### The Role

Mission:

Create and manage an overall project plan including budget, schedule and resources for one or more our products' engagements. Monitor and report progress and changes against the plan. Ensure a successful implementation by motivating and directing a cross-functional project team comprising software vendors, customers and partners. Act as primary interface with the client regarding deliverables, changes, and sign-off on status.

- Participate in every stage of projects, from initial planning to post-implementation support.
- Develop a detailed project plan and ensure all stakeholders agree on the plan, milestones, and timelines.
- Regularly update stakeholders on the project's status as per the agreed schedule.
- Identify any risks and collaborate with stakeholders to create mitigation plans.
- Maintain a detailed log of issues, including estimated resolution times, ownership, and resolution status.

### Your Skills

Must have:

- 6-10 years of experience in project management for software products, including experience with development from scratch

Better to have:

- Experience using agile methodology for enterprise implementations
- Project management experience covering the full lifecycle of a supply chain planning solution implementation will be preferable

Skills

- PMP certification is a plus
- Knowledge of supply chain solutions is a plus
- Strong understanding of project management principles and artifacts
- Proficiency in project management software (e.g., Microsoft Project, JIRA), spreadsheets (e.g., Microsoft Excel, Google Sheets), document processing (e.g., Microsoft Word, Google Docs), and presentation tools (e.g., Microsoft PowerPoint)

### Location

Tokyo 23 wards

### Salary

10M - 18M JPY

### Selling Points

- A high-growth organization with a strong entrepreneurial culture and no corporate politics
- Flat organizational structure
- Diverse and international working environment

Reference Number: 06940-0012993228
