#### Job Description

As a Senior Enterprise Architect, you'll collaborate closely with internal leadership to translate business goals into technology roadmaps. Your focus will be on designing and implementing future-proof architectures to drive efficiency and enable growth in alignment with our digital transformation goals.

#### Client Details

Our client is a pioneering company committed to becoming the industry leader by 2025. We're dedicated to providing thought leadership and innovative digital solutions to transform into a fully digitally enabled organization.

#### Description

- **Shape the Digital Vision:** Partner with Sales & Marketing leadership to define digital ambitions and champion transformation initiatives.
- **Architect for Agility:** Design future-proof architectures supporting omnichannel marketing and real-time decision-making.
- **Master of Integration:** Advocate for API-driven integration to enhance communication between systems.
- **Embrace the Cloud:** Lead migration of applications to the cloud for scalability and flexibility.
- **Data Governance:** Ensure data governance and analytics infrastructure empower decision-making.

- **Lead with Influence:** Communicate complex technical concepts clearly to stakeholders.

#### Job Offer

- Competitive salary and benefits package.
- Chance to shape the digital future of a leading organization and drive global technology strategy.
