- o Secure BP consistency with payment terms/amount for Tooling, R&D, Piece price, Raw mat update, Volume update, Exchange Rate
- o Secure price reduction Long Term Agreements (LTA) hypothesis in supplier and customer contract
- o Secure Legal & Tax (VAT) applicable conditions for toolings

- Support, under program manager authority, selected profitability improvement actions
- o Support fully the Program Manager in all financial impacts investigations to challenge and help driving the program profitability towards target
- o Provide Make or Buy financial analysis
- o Participate in the sourcing committee
- o Provide ECR/ECO full cost view & propose financial driven potential selling price

- Highlight Program Cash status and provide recommendation to the management
- o Monitor Program Cash Curve at any time & communicate it towards Core team
- o Propose action plan in order to achieve cash Target
- o Challenge Upfront level in term of cost as well as payment method:
 - Capex: Reuse? Usage of available capacities?
 - Reduce payment terms for ECR/ECO upfront cost (cash, short term Piece Price Amortization – PPA, etc.)
 - Secure tooling & prototype invoicing in due time

- Provide and secure R&D controlling inputs
- o Check hours booked by cost center & functions to the program on monthly basis
- o Check technical/work progress versus expenses
- o Check opened & closed Work Package
- o Participate to budget preparation (hours & expenses forecast / program)
- o Built R&D line (core team) in P&L program Budget

- o Provide capitalization booking data for the related program
 - Lead costing team activities and secure business plan update processes in time
 - o Participate to BP schedule & organize costing data flow upstream
 - o Organize Risks & Opportunities financial backing (cost, etc.)
 - Provide program financial communication towards core team, management and plants involved
 - o Update BP & bridge the gap between release
 - o Prepare Forecast/Budget/PMT inputs (PPA, costs, selling price, cash, etc.)
 - o Provide loss to completion inputs for the related program
 - o Provide monthly (at least quarterly) financial inputs for the program dashboard
 - Transfer gradually business plan cost data source to plants
 - o Communicate & Share program standard cost view to plant
 - o Validate/Follow up startup costs & convergence plan
 - o Validate/Follow up plant budget for Start of Production (SOP) year
 - o Participate to program post audit at gate 4
-
