Job Description

Lead the Middle/Back Office operations IT team in the cash equities division of a major Asian capital markets & investment group. You will also be coordinating teams across India, Hong Kong, and Japan.

Client Details

With offices in over 20 locations across the world and APAC, our client is Asia's leading capital markets and investment group. Specializing in asset management, corporate finance, equity and debt capital markets, securities and wealth management, our client is uniquely poised to connect China with the rest of the financial world.

Description

- Support daily trading operations for various trading flow of High Touch & Low Touch cash Equities.
- Perform front-to-back system testing for enhancement, releases, vendor changes, migration and bug fixes.
- Serve as the point of contact for local vendors (NRI, JASDEC, Twave, BOJ, JSDA etc...) in terms of technology roadmap/Projects/releases and vendor relationship management.
- Work closely with Global IT team in Pune (India) and Hong Kong.

Job Offer

- Long-term career possibility at one of the foremost firms in Asia
- Work in a truly global/international team

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Patrick Phan on +81 3 6832 8925.

Required Skills

- Native-level Japanese and business-level English
 - MUST have past experience in cash equities in a back/middle office IT position
 - IT familiarity (writing SQL queries, Linux commands, VB macros, Python)
-
