Job Description

FP&A Manager to lead the largest business unit of the Japan business and lead the team | Global working environment, competitive salary, WFH available

Client Details

A leading global eye care company serves professionals and patients in over 140 countries. The company provides advanced technology for various eye treatments and a broad range of contact lenses and care products. As an independent entity, it focuses solely on eye care. The company is dedicated to innovation, investing heavily in research and development. It also prioritizes sustainability and social responsibility, striving to reduce its environmental impact and improve eye care access worldwide.

The company holds a strong market position in Japan, providing advanced products tailored to local needs. It invests in local research and development to address the unique needs of Japanese patients and introduce new technologies. Collaborations with local professionals and institutions help maintain high standards and stay at the forefront of industry advancements. The company is committed to sustainability and engages in initiatives to improve access and awareness in Japan.

Description
