Job Description

As a Sourcing Manager, you will drive category strategies and lead change management initiatives. You'll optimize sourcing processes and innovate within a global framework.

Client Details

Our client is a leading global pharmaceutical company known for its innovative pipeline and commitment to efficiency. They prioritize transparency and flexibility, offering global exposure and career growth opportunities.

Description

- Implement and develop local category strategies in line with global standards.
- Lead change management for the new Ariba system implementation.
- Identify and mitigate sourcing risks.
- Optimize cost savings and productivity through innovative sourcing methods.
- Collaborate with business partners to align goals and drive efficiency.
- Manage and leverage supplier relationships to introduce market innovations.

Job Offer

- Flexible career paths with opportunities to explore different areas.
- A supportive, transparent work environment that values your input.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Mike Corbyn on +813 6832 8601.

Required Skills

- 4-7 years of category management and sourcing experience.
 - Strong in demand management, market analysis, and negotiation.
 - Skilled in project management and delivering against commitments.
 - Background in Business Administration or Pharmaceutical fields preferred.
 - Open to diverse industry experiences, with a change-oriented mindset.
