Job Description

The Customer Support Specialist will be involved in handling escalated cases from BPO center. The position may also be required to perform clerical work such as inputting information, reviewing responses made by the customer support center, and providing feedback reports essential for work flow improvement.

Client Details

Our client is a very fast-growing Fintech organization in the buy-now-pay-later business.

Description

The Customer Support Specialist will be involved in handling escalated cases from BPO center. The position may also be required to perform clerical work such as inputting information, reviewing responses made by the customer support center, and providing feedback reports essential for work flow improvement.

Among the main responsibilities, you will engage in:

- Handling support center escalations (B2C Customer Support) by phone or email

- Entering information in Excel and other necessary formats
- Providing feedback on the content obtained from customer support for improvements
- General customer support related tasks other than the above: e.g. inputting information, reviewing responses made by the customer support center

Job Offer

- Very flexible Work From Home system (almost full remote)
- Very diverse company and international company
- Performance-based promotional system (not based on Seniority)
