Job Description

Job Description: We are seeking a dedicated and skilled Dental Laboratory Technician specializing in Crown & Bridge work to join our expanding team. This full-time position is based in Japan and offers a unique opportunity to be a part of the development of a new team and eventual lab establishment in Japan.

Key Responsibilities:

- Utilize CAD/CAM software (Exocad or 3Shape preferred) to design and fabricate dental restorations.
- Collaborate with team members to ensure high-quality dental prosthetics.
- Assist in the establishment and development of a new dental laboratory in Japan.

Required Skills

Requirements:

- Located in Japan.
- Minimal English proficiency preferred.
- Experience with CAD/CAM software (Exocad or 3Shape preferred).
- Open to students, freelancers, or practicing lab technicians who are eager to learn and grow.

Compensation and Benefits:

- Starting Salary: 4,000,000 yen/year.
- Comprehensive training with all expenses paid for training in the USA.

About Us: Our company is located near San Francisco, California. We are committed to fostering a collaborative and educational environment, providing opportunities for professional development and growth.

If you are passionate about dental technology and are looking to take the next step in your career, we encourage you to apply. Join us in our mission to create high-quality dental restorations and develop a top-notch dental laboratory team in Japan.
