Job Description

We would like to introduce you to a major general construction company listed on the Tokyo Stock Exchange Prime Market.

We would like to introduce you to a major general construction company listed on the Tokyo Stock Exchange Prime market. Since its founding, the company has been involved in a variety of construction projects both in Japan and overseas. Its main business areas are architectural construction, civil engineering, and environmental projects. It contributes to the development of local communities and the realization of a sustainable society by carrying out projects related to the construction of high-rise buildings and public facilities, infrastructure development such as roads and bridges, and environmental protection. We are currently recruiting for multiple positions, including facilities, construction, and safety management, in preparation for the expansion of construction work for U.S. military facilities in Okinawa.

We are hiring for the following positions at construction sites of US military facilities in Okinawa.

[Facility site management]

You will be responsible for facility site management, engineering, and negotiations with the US military.

- Checking construction drawings
- On-site quality confirmation
- Construction progress confirmation
- Giving instructions, contacting, and coordinating with workers

[Salary]

Monthly salary: 250,000 yen to 600,000 yen (negotiable)

* Annual salary estimate: 30s: 4 million yen and up, 40s: 5 million yen and up, 50s: 6 million yen and up

* Various allowances and overtime pay are excluded

[Salary increase/bonus]

Salary increase: once a year (in accordance with company regulations)

Bonus: twice a year (in accordance with company regulations)

[Employee benefits]

- Follow the regulations of the Japanese headquarters (health insurance, social insurance, income tax withholding)

[Various allowances]

- Accommodation provided
- Overseas work allowance
- Air ticket upon joining the company
- Allowance for temporary return to Japan

Required Skills

[Facility site management]

◆ Requirements

- Experience working in site management at a Japanese general contractor
- Speaking English
- Native level Tagalog or Thai

◆ Preferred conditions

- Experience in construction work for US military facilities in the Philippines, etc.
- Those who can work in Japan (Okinawa) for the medium to long term (at least 2-3 years)
- Japanese level N3 or above

Company Description
