### Job Description

**About the company**

We are currently looking for a talented UI/UX Designer to work with leading companies in Japan across different industries (AI company, travel business, a sales and marketing industry, and others).

They have an extremely strong and growing reputation for developing cutting-edge technologies for their users.

They offer a hybrid work arrangement with a diverse international team.

**Who are you**

- You are an experienced UI/UX Designer or Product Designer.
- You are a creative, open-minded, and passionate individual that enjoys working in a team.
- You love developing and translating our ideas into user experiences and interfaces.

### Why should you apply

- Hybrid work arrangements - few days in the office and few days remotely.
  - Highly diverse team coming from different countries with international culture.
  - Opportunities to work across different projects and bring ideas to life.
- 

### Required Skills

#### Requirements

- 3+ years of experience in UI/UX design or product design.
- Expertise in Figma and/ or Illustrator (or other design tools) and wireframing/ prototyping tools.
- Experience in mobile application design.
- Proficiency in Japanese OR English.
- A portfolio that showcases the diversity of projects and solid collection of deliverables (flows, mockups, and prototypes).
