Job Description

We are looking for Infra Engineers to join our friendly, innovative team. Will be a great match for people who enjoy working with cloud technology.

Client Details

A global IT company with diverse business ventures and offices worldwide, known for its strong reputation. It's recognised as one of the most innovative and fastest-growing companies globally.

Description

Responsibilities include provisioning and managing clusters/nodes, handling alerts and incidents, updating systems, developing infrastructure solutions, supporting users, and assisting in legacy platform migration.

Job Offer

- Professional Growth: Opportunities to work with cutting-edge technologies and platforms, alongside a team of global experts.
- Cultural Exposure: Engage with a diverse, multinational team, broadening both your technical and cultural

perspectives.

- Compensation: Competitive salary with additional benefits, including support for professional certifications and career development
