Job Description

Company Profile

My client is seeking an experienced Tech Lead who can take charge of overseeing the success of their software development projects. As the market leader, they are a forward-thinking company combining technology and real estate, leveraging advanced technology such as AI, machine learning, and cloud services to streamline real estate transactions.

The Role

- Oversee and guide the work of the software development team.
- Collaborate with Product Managers to ensure a clear understanding of business requirements and translation into technical requirements.
- Ensure that technical solutions align with the architectural designs and business needs.
- Maintain high standards of software quality by establishing good practices and habits within the team.
- Provide input into final decisions regarding hardware, network products, system software and security.
- Carry out technical reviews to ensure the project is on track and follows the specified standards.

- Effectively communicate the project status, issues, and resolutions to management.

Your Skills

- Bachelor's / Master's degree in Computer Science, Computer Engineering, or related field.
- Proven experience leading a small to medium-sized development team.
- Proficiency in Go programming language and familiarity with AWS (Amazon Web Services).
- In-depth knowledge of modern software development tools, software development lifecycle, and methodologies.
- Strong problem-solving skills and the ability to think algorithmically.
- Excellent communication and teamwork skills.
- Demonstrated sense of responsibility and capability to deliver quickly.
- Proven experience in project management and team leadership.
- Business level Japanese is required

Location

Tokyo

Salary

10M - 15M JPY

Selling points

- Innovation & Technology: AI, machine learning, and cloud services.
- Dynamic Team & Work Culture: start-up environment with opportunities to learn and grow in all aspects
- Flexible Working Arrangement

Reference Number: 06940-0013059012
