Job Description

Drive the expansion and management of medical provider relationships in Japan, ensuring compliance with program requirements. Engage with providers, manage strategic initiatives, and contribute to the evolution of healthcare service delivery.

Client Details

Our client is a global leader in providing healthcare and security services to government programs. They are known for delivering customized solutions that meet high standards of care and service delivery for international clients, including military personnel.

Description

- Expand and manage relationships with medical providers in Japan, ensuring alignment with the Program Network requirements.
- Lead strategic initiatives related to network services and provide subject matter expertise for healthcare projects.
- Deliver periodic status reports, resolve provider issues, and support medical records collection processes.
- Engage with cross-functional teams and travel regularly (40%) across Japan to maintain network quality and service delivery.

Job Offer

- Competitive salary with opportunities for career growth in a globally recognized organization.
- Engage in strategic healthcare projects and influence the delivery of services in Japan.
- Flexibility and travel opportunities as part of a dynamic and evolving role.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Sara Loh on +813 6832 8915.

Required Skills

- Proven experience in service delivery, senior account management, or program management within a professional B2B environment.
 - Excellent communication skills in Business English and Japanese.
 - Strong project management, relationship-building, and problem-solving abilities.
 - Experience in healthcare management or familiarity with claims processes is an advantage.
