2096200/001

Responsibilities:

- Provide strategic direction by developing and implementing sourcing strategies
- Deliver functional excellence through supplier performance reviews and corrective action plans
- Support new product launches by interfacing with cross-functional teams
- Develop and enhance purchasing workflow processes to improve cost or meet compliance requirements
- Meet financial targets by leading cross-functional groups to develop productivity programs
- Support company values by building and recruiting a highly skilled functional team

Requirements:

- 5-10 years of experience in managing procurement, purchasing, or product merchandising in retail, wholesale or manufacturing companies
- Technical knowledge about purchasing, supplier management, contract management and formal RFQ/RFQ process for bidding
- Understanding of the food manufacturing processes
- Knowledge of numerous product and packaging manufacturing processes
- Experience in logistics and supply planning is preferred
- Proficient in written Japanese and English

Company Description

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
