Job Description

1. Lead the development and optimization of core BNPL services, focusing on customer and merchant experiences.
2. Collaborate with the Vice President and other stakeholders to define product requirements and manage risks.
3. Oversee feature development, integration, and post-launch optimization, ensuring on-time delivery and alignment with goals.
4. Act as a liaison between business and technical teams, facilitating effective communication and prioritization.
5. Analyze user behavior and track product performance using tools like Mixpanel or Google Analytics.
6. Require at least five years of experience in Product Management, particularly in fintech, retail, or banking.
7. Proficiency in mobile application design, software development methodologies (Scrum/Kanban), and A/B testing.
8. Strong organizational, communication, and presentation skills, with fluency in English and Japanese.
9. Preferred: postgraduate degree (MBA), experience in cloud technologies, APIs, and data analysis tools (SQL, R, Python).
10. Offer competitive salary, benefits, a diverse international team, and a flexible work-from-home policy.
